# DAA Group

Focus on Quality

- Karakia
- Development of the Standards
- Practical examples
- Kahui Ahu Mahi

The value of 'an hour'

# Governance & timeline

## Working Group Principles

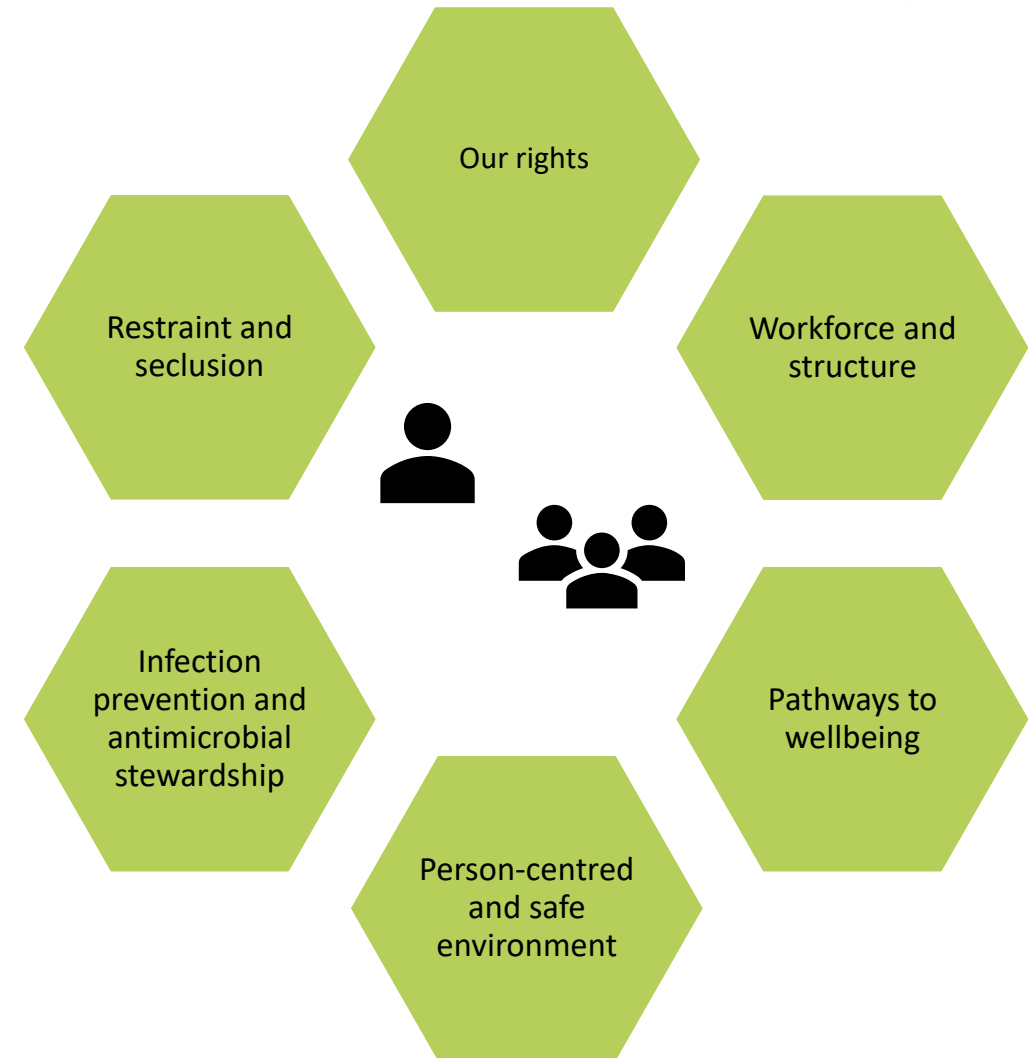

The Ministry worked with the Operative Alliance, the Governance Group, the Ministry's Māori Health directorate and key health and disability sector partners to develop the following principles to support the review process.

- Achieving Māori health equity
- Accessible health and disability services
- Partners with choice and control
- Best practice through collaboration
- Standards that increase positive life outcomes
